

Maria Garcia, MAPS

Our Natural Family Planning Coordinator has worked for the office in many capacities for seventeen-and-a-half years. She grew up first in Mexico and then on the south side of Chicago. Seventh of eight children, Maria and her husband of twenty-seven years, Juan, are justly proud of their three college-graduate children, Juan, Claudia, and Hector.

Maria graduated from Jones Commercial High School and was a Romero Scholar and earned her Masters of Arts in Pastoral Studies from Catholic Theological Union. She is an instructor and trainer for WOOMB International (World Organization of Ovulation Method Billings). She and her family are members of Our Lady of Mercy parish.
