marriage?***

Attend the

Discovery Weekend

Marriage Preparation Program

The Discovery Weekend Program is unique to marriage preparation programs because it asks the engaged couples to devote a concentrated amount of time and energy to their relationship. The focus of the program is communication. The objective is to expose the engaged couples to a method of communication that concentrates on the sharing and understanding of feelings.

Upcoming weekends:

Sept. 24-25 at Cabrini Retreat Center, Des Plaines, IL

Nov. 5-6 Marytown Retreat Center, Libertyville, IL

Here is what previous attendees say:

- ◆ *This has been a great weekend! It is a wonderful program that I will recommend to other couples. The questions, reflections, couple discussions and especially presentations by leadership couples have been more than excellent. We learned more about each other and about ourselves.*
- ◆ *This weekend was a lot better than I thought it was going to be. We learned a lot.*
- ◆ *We truly discovered a lot about each other, marriage, and ourselves.*
