

What do we at St. Raymond's and other parishes, colleges, etc. hope to accomplish by screening this film, "The Hunting Ground"?

Goals:

1. To raise awareness of sexual assault on college campuses, not to scare you but
 2. To keep you safe from sexual assault so you can have a safe, healthy, and enjoyable college experience. We want to give you tools and help you know your resources.
 3. To help you know what to do if something happens to you, a friend, or your child
 4. To have an open and honest conversation about an important issue. (Stanford case, Decatur.)
 5. To call us to action—as Catholics and Christians, we are called to work for justice
-
- The Goal tonight is to educate you so that you are more prepared, not so you walk about depressed or overwhelmed but so that you are empowered.
 - Knowledge is POWER
 - We want you to leave on a positive. We CAN make a difference.
 - These women transformed their vulnerability into something powerful
 - We are all working together
 - "all things work together for good"
